COMING SOON....

- Boelube Mist Applicator, the results are better finish, longer tool life, higher feeds and speeds.

Products

Stock availability is subject to confirmation. Prices will be supplied on request in Australian dollars.

Freight

If required for your convenience our company offers a prepaid freight service based on our company's contract rates, wherein we calculate and pay the freight on your behalf.

These costs are shown separately on the bottom of your invoice and must be reimbursed along with your payment for stock. This offer is for customers' convenience only. If the customer does not request its own freight company for the delivery of goods, the goods will be sent with our contract freight company.
